THE WEST MIDLANDS GLOBAL GROWTH PROGRAMME

THE ULTIMATE MARKET ENTRY SUPPORT

The West Midlands is the UK's leading region for Foreign Direct Investment, recording the highest annual growth rate of all UK locations, and we're working at pace to deliver on the UK Government's 'Science and Technology Superpower' ambitions.

Join our unique, fully funded market entry programme designed to help international companies establish in the UK and scale rapidly. Spanning multiple industries, the Global Growth Programme provides a bespoke package of support over nine months to ambitious businesses at different stages of their development.

FOUR TECH SECTORS:

CleanTech

**Health/
MedTech**

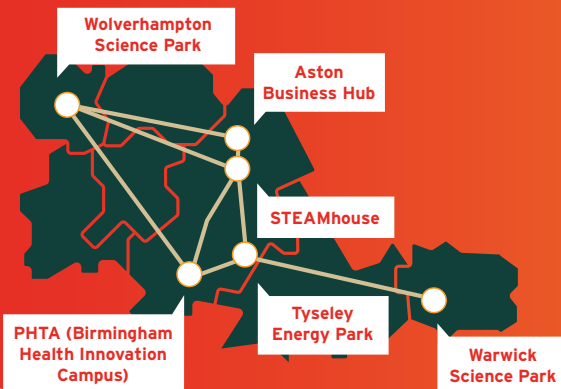

**Future
Mobility**

Tech**

ACCESS THE WHOLE REGION SIX LANDING HUBS

ACCELERATE YOUR GROWTH WITH BESPOKE BUSINESS SUPPORT

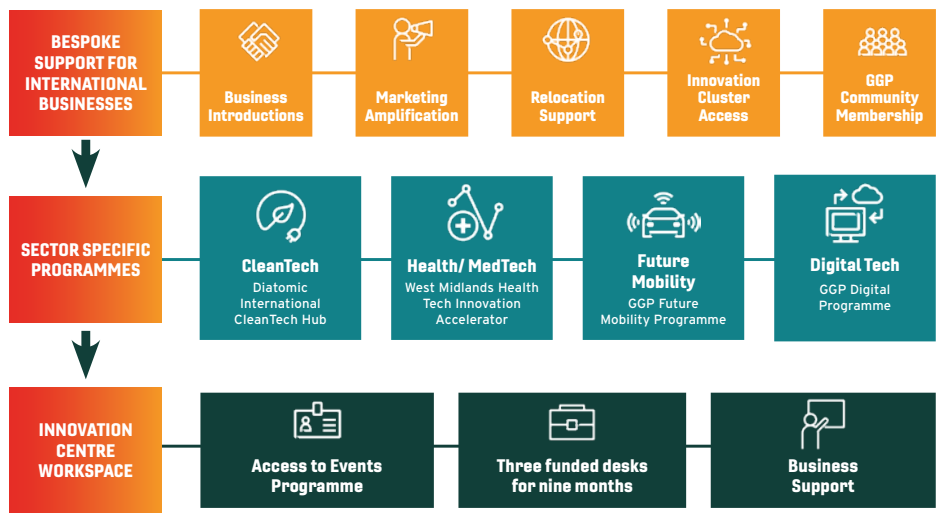

The Global Growth Programme provides three layers of comprehensive value for innovative companies that includes bespoke business support to assist international expansion, access to sector specific innovation programmes, and nine months of sponsored workspace for up to three employees in one of six world-class innovation hubs across the region.

Through a dedicated account manager, you will receive support with establishing your UK operations and facilitated introductions to world-class R&D institutions, industry supply chains and talent providers.

Everything you need to pioneer innovative new products and supercharge your growth.

THREE LAYERS OF SUPPORT
